We have recently experienced elevated claim experience for a portion of our long-term care insurance products, which may result in a deficiency in reserves plus future premiums compared to future benefit payments. Should such a deficiency exist, we would record a charge to earnings in the second half of 2017 upon completion of this review. See Note 11 of the consolidated financial statements for further information.”	<ul style="list-style-type: none"> • No scienter • Not false or misleading and/or no duty to disclose alleged omissions • Forward-looking statement 	
4. ¶¶ 228, 237	10/30/2017 Ex. 42, Q3 2017 10-Q, at 31	“Our run-off insurance activities include future policy benefit reserves of \$19.2 billion and claim reserves of \$4.9 billion at September 30, 2017 of which approximately \$9.0 billion and \$3.4 billion, respectively, relates to long-term care insurance contracts. We test future policy benefit reserves associated with our runoff insurance activities for premium deficiencies annually. We have recently experienced elevated claim experience for a portion of our long-term care insurance contracts that requires the completion of a comprehensive review of premium deficiency assumptions across all insurance products. This review will be completed in the fourth quarter of 2017. Based upon the work performed to date and complexity of the review as further described within our Critical Accounting Estimates and Note 11 to the consolidated financial statements, a charge related to a probable deficiency is not reasonably estimable at September 30, 2017. Until the above described review has been completed we have deferred the decision whether GE Capital will pay additional dividends to GE.”	<ul style="list-style-type: none"> • No scienter • Not false or misleading and/or no duty to disclose alleged omissions • Opinion • Forward-looking statement
